

Hahn Ponders Federal Suit to Eliminate Smog from Autos

On motion of Supervisor Kenneth Hahn, the Board of Supervisors recently instructed County Counsel Harold W. Kennedy to review and determine the possibility of a federal suit to compel the automotive industry to develop and install exhaust control devices to eliminate smog from the automobile.

Hahn's motion came after Smith Griswold, Air Pollution Control Officer, testified that automobiles, trucks and buses are responsible for 80 per cent of smog in Los Angeles County.

Kennedy was instructed to prepare a formal legal opinion on the possibility of taking federal court action against the auto industry after conferring with State Attorney General Stanley Mosk, and the federal district Attorney General's office.

"A special federal grand jury should be convened to study this problem and to initiate action against the automobile industry," Hahn declared.

FEDERAL ACTION

He added that action in the federal courts would be required to compel the automotive industry to meet its responsibility for the health and welfare of the 6,000,000 people of Los Angeles County since the federal government is the only agency that can require the automobile makers to perfect and install smog eliminating exhaust devices on new cars as they roll off the assembly line.

Hahn emphasized that since "expert testimony by Griswold has shown that 80 per cent of smog is caused by cars, trucks and buses it is time that the federal government takes steps to protect the people of Los Angeles County."

He pointed out that Kennedy's opinion on the possibility of a federal court suit against the auto industry would have a far reaching effect, but that the car manufacturers had been served notice year after year of the urgency of developing exhaust smog control devices and placing them on new cars as they are being manufactured.

URGES PRESIDENTS

Hahn has written the presidents of the auto manufacturing companies each year since February, 1953, urging them to meet their responsibilities to the people of Los Angeles County by eliminating smog from cars.

"Just last year the Medical Association advised people with respiratory prob-

'Keep a Light' Drive Extended

The "Keep A Light" Campaign of the Los Angeles County Sheriff's Department has been extended through January.

In announcing the 31-day extension, Sheriff Peter Pitchess stated, "Preliminary evaluation of the impact upon after-dark criminal activities has far exceeded our original expectations."

"Through continuing the emphasis on the 'Keep A Light' theme, we hope to accomplish two extremely important objectives: More accurate analysis of the campaign's effect upon criminal acts, over the extended period; and help establish the 'Keep A Light' habit among all Southland residents.

"Crime prevention, like Liberty, is the product of eternal vigilance. To be truly effective, law enforcement must have the support and aid of the populace. Every resident of this area can express their feelings, for a penny a day, by burning a light in their homes and businesses, all night, every night."

Local Artists Favored in Show Held Next Month

Inez Staff, manager of Peninsula Gallery, has announced that local artists will be favored in the gallery's February show, "Palos Verdes Peninsula in Art." The show will feature entirely works of art on the Palos Verdes theme.

Those artists wishing to submit work should contact Inez Staff at the gallery which is located at 1714 So. Calina, Hollywood Riviera, California, Hollywood Riviera, call FR 8-7033.

Deadline for entries is Jan. 30th.

College to Offer Fine Arts Course Over Television

Masterpieces of western literature and art will be the subject of a new television series over KCOP, Channel 13, offered by Los Angeles State College three times weekly starting February 5.

The literature and fine arts course will be presented Mondays, Wednesdays and Fridays, from 8:30 a.m. to 9 a.m. Instructors will include Dr. Irwin Swerdlow, assistant professor of English, formerly of Harvard University and Dartmouth College, and Richard F. Cassidy, assistant professor of art, both members of the LASC faculty.

The upper division course will give two units of extensive credit. It entails no prerequisites for enrollment. Persons wishing to take the course for credit should mail their enrollment application to the Telecourse Extension Office at the college no later than February 18.

Required reading for the course will include Bernard S. Meyers, "Art and Civilization;" "The Romance of Tristan and Iseult;" Dante, "The Inferno;" Shakespeare's "King Lear;" Cervantes' "Don Quixote;" Abbe Prevost's "Manon Lescaut;" Voltaire's "Candide;"

Goethe's "Faust;" Balzac, "Pere Goriot;" Tolstoy, "War and Peace."

The final examination for the course will be held on the campus May 26, 1962. Persons wishing additional information can phone CAPitol 5-1631, Ext. 503. Fee for the course is \$7.50.

PRINTED MONEY

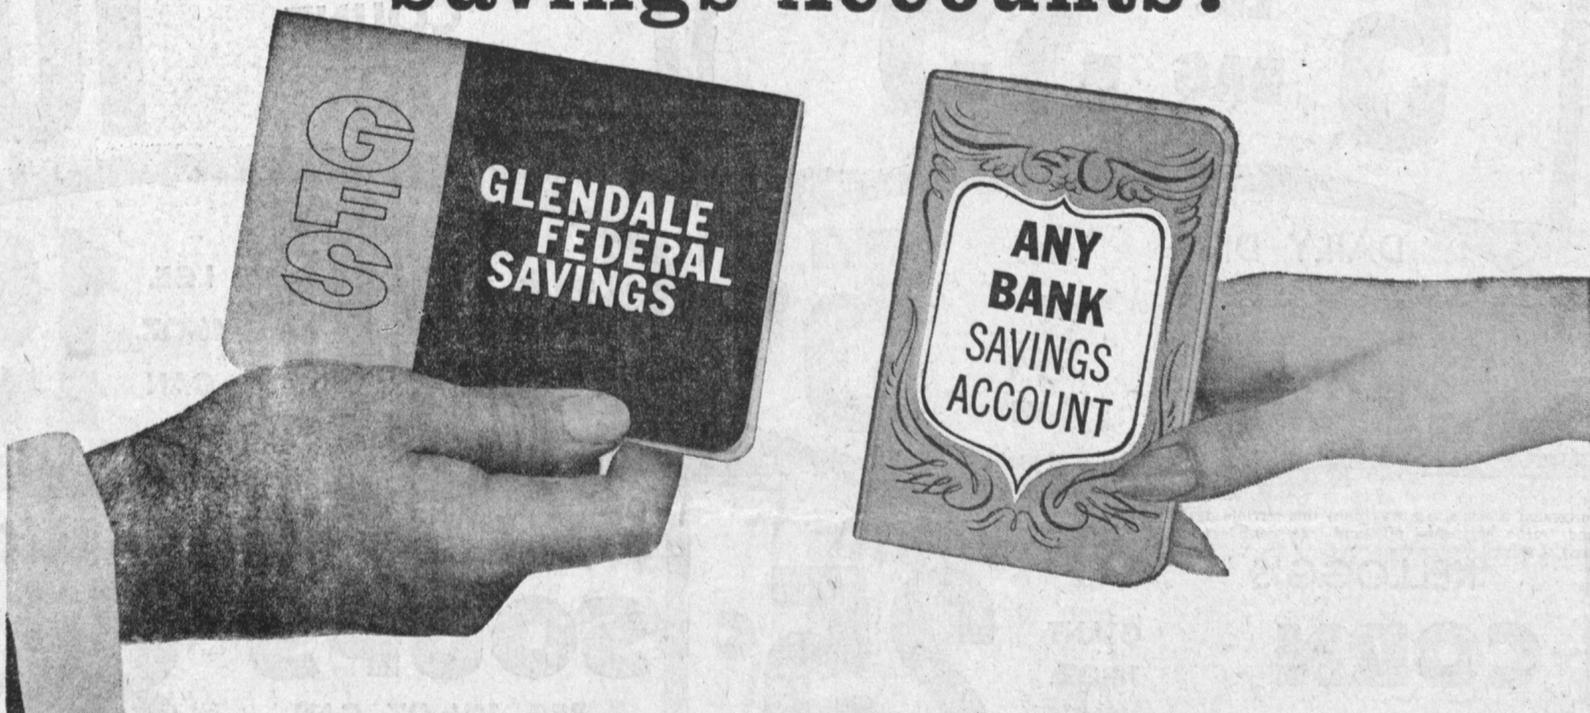

The first printed money was made in the Chinese province of Szechuen about 950 A.D. It took only about 100 years for the first counterfeit to start operations about 1068 in China.

Explains Amazing Rise in Contact Lens Use

According to press reports, new-type contact lenses are taking the country by storm. Dr. J. M. Soss, optometrist at 1268 Sartori for 32 years, points out that this phenomenal surge in popularity is due to the fact that the public is realizing that perfect plastic contact lenses are a safe, economical method of correcting the vision of people in all walks of life. Because of their tiny size and almost weightless construction, modern "contacts" can be worn comfortably for as long as 16 hours at a stretch. Dr. Soss states that those who call at his 1268 Sartori Ave. office can find out without obligation, how easy it is to wear contact lenses. No appointment is necessary, and Dr. Soss' offices are open Friday evenings and all day Saturdays. Convenient terms. Phone FA 8-6602. Soss' offices are maintained also in Wilmington.

What Is The Real Difference To You Between These Two Savings Accounts?

I. INSURANCE OF SAVINGS

NO PRACTICAL DIFFERENCE TO YOU: Glendale Federal insures savings accounts up to \$10,000 through the Federal Savings and Loan Insurance Corporation. Local banks insure savings accounts up to \$10,000 through the Federal Deposit Insurance Corporation.

Both of these insuring agencies are permanent agencies of the United States Government. While there are minor technical differences between them, the purpose of each remains the same: to insure the safe return to savers of 100 cents on every dollar of principal up to \$10,000 on each insured account.

II. AVAILABILITY OF SAVINGS FUNDS

NO PRACTICAL DIFFERENCE TO YOU: All savings and loan associations and commercial banks have charter provisions under which they may require prior notice of withdrawals. However, this provision is rarely used by either type of savings institution. In actual practice, Glendale Federal Savings pays all withdrawal requests immediately.

III. EARNINGS PAID ON SAVINGS

A REAL DIFFERENCE TO YOU: Here is the only real difference between savings accounts at Glendale Federal Savings and your local bank: Glendale Federal pays you more on insured savings! In keeping with its policy of always paying the highest dividend rate consistent with sound management and insured safety, Glendale Federal's current annual rate is 4 1/2%, paid 4 times a year, with safety insured. Compared to any of the current bank rates—(all are lower)—simple arithmetic tells you that your savings earn more at Glendale Federal.

BY ANY SYSTEM OF MEASUREMENT, YOUR SAVINGS BELONG AT GLENDALE FEDERAL FOR THE MOST IMPORTANT REASONS OF ALL:

Glendale Federal gives you higher earnings—with safety of principal insured! With individual, joint, and trustee accounts, your family's savings may be insured above \$10,000—to \$70,000 for a family of three, for example. And your savings are further protected by over \$400 million in assets... and reserves far higher than required. In every way, it pays to save with safety at Glendale Federal. To enjoy the real, powerful, profitable difference, open your insured savings account at Glendale Federal... today!

Accounts opened by the 10th of any month earn from the 1st.
